

MEDCURITY

Bringing Clarity to HIPAA Compliance

Capture and Maintain Business Associate Agreements

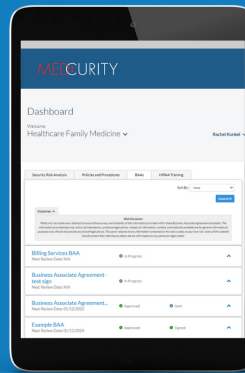

The Most Intuitive BAA Management Tool Available

Maintain effective Business Associate Agreements with all vendors that have access to PHI, and update these BAAs regularly to maximize protection.

Paper documents or individual document files can be unnerving and difficult to track. With Medcurity, you can manage your BAAs **100% electronically**.

"Medcurity's platform has brought **clarity and efficiency** to our HIPAA compliance program. Our policies are organized and up to date and **managing our vendors is simple.**"

- Hilary Severn, Business Operations Manager
Spokane Urology

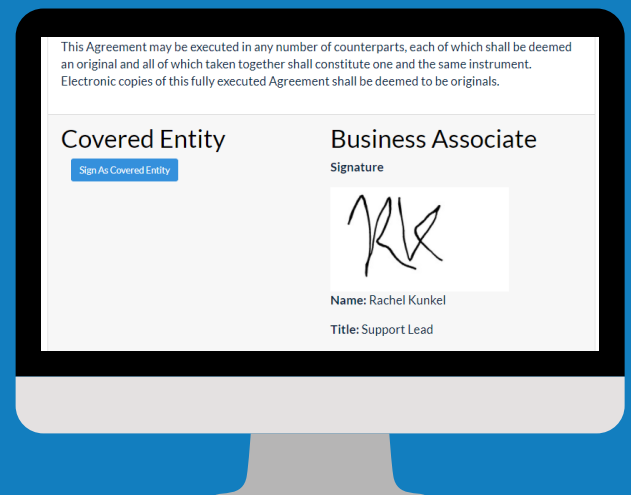

Track Business Associate Agreements in a process that **truly makes sense.**

How it works:

- 1 Choose from the provided BAA templates, or upload your own.
- 2 Customize and maintain all your agreements in one place.
- 3 Set time intervals for review and e-signature.
- 4 Get reminded when BAAs are signed or not returned on time.

With **e-signature**, keeping BAAs up-to-date has never been easier.
